

# FLEX

PROIETTORI / FLOODLIGHTS

Proiettore orientabile di piccole dimensioni.

La compattezza della forma insieme con l'essenzialità del design, rende **Flex** idoneo per illuminare vetrine di negozi, showroom e aree espositive in generale.

Si applica su binari trifase **Light Kit Main** o su basetta per parete/soffitto.

Corpo in acciaio stampato verniciato in epossipoliestere.

A small adjustable spotlight.

Its compact shape in combination with a simple design makes it suitable for the illumination of shop windows, showrooms and display areas in general.

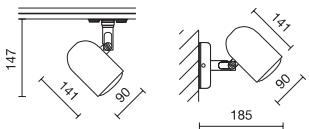

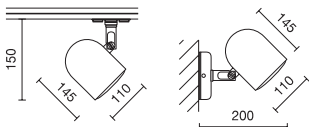

**Flex** it can be mounted on **Light Kit Main** three-phase tracks or on a base for wall or ceiling application.

Housing in pressed steel, epoxy-polyester paint finish.
